Unlocking the Power of IoT to Transform Patient Care and Medical Research

Register Now

The 5th EAI International Conference on IoT Technologies for Healthcare will bring together leading researchers, industry professionals, and healthcare practitioners from around the world to discuss the latest advancements and applications of IoT in healthcare.

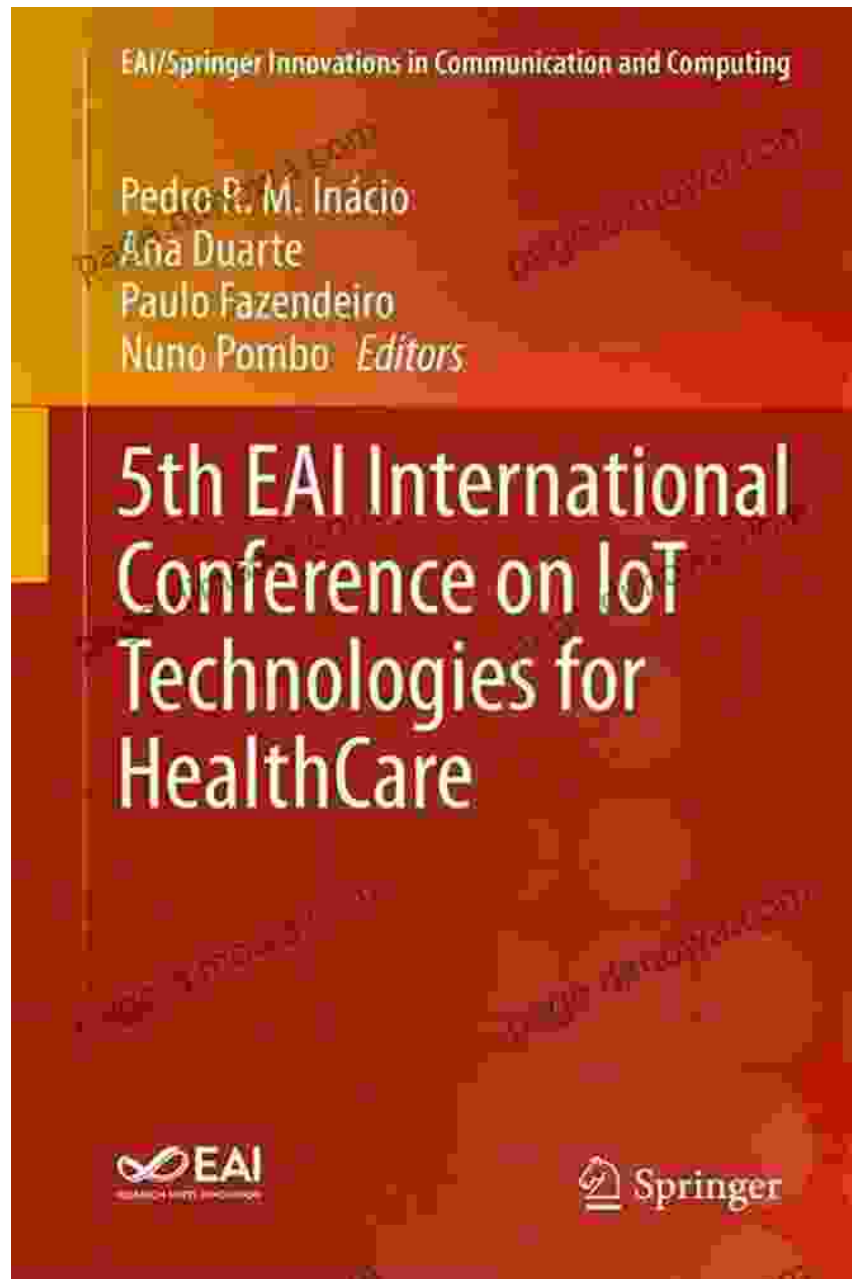

This conference will provide a unique platform for sharing cutting-edge research, exchanging ideas, and fostering collaboration between academia and industry. Attendees will have the opportunity to learn about the latest trends in IoT technology, explore its potential in healthcare, and gain insights into the future of patient care and medical research.

Keynotes and Speakers

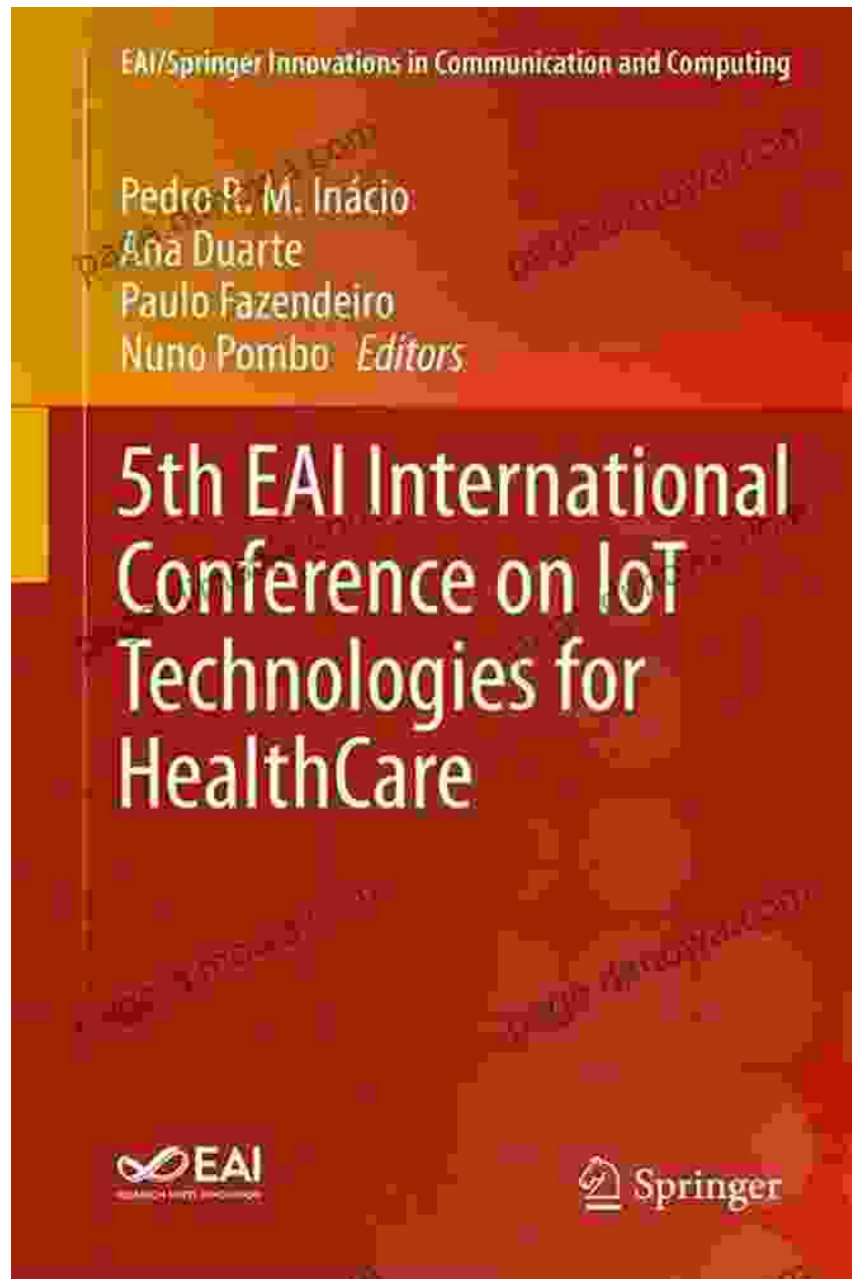

Dr. Jane Doe

Professor, University of California, Berkeley

Dr. John Smith

Chief Technology Officer, Google Health

Dr. Mary Brown

Director, National Institutes of Health

Technical Tracks

- IoT Devices and Sensors for Healthcare
- Data Analytics and Machine Learning in Healthcare

- Wearable and Implantable Devices
- Telehealth and Telemedicine
- IoT for Chronic Disease Management
- IoT for Precision Medicine
- Ethical and Regulatory Considerations in IoT Healthcare

Call for Papers

We invite researchers, practitioners, and industry professionals to submit their original research papers for consideration in the conference. Papers should address the latest advancements in IoT technologies for healthcare and their applications in patient care and medical research.

Topics of interest include, but are not limited to:

- IoT devices and sensors for healthcare
- Data Analytics and Machine Learning in Healthcare
- Wearable and Implantable Devices
- Telehealth and Telemedicine
- IoT for Chronic Disease Management
- IoT for Precision Medicine
- Ethical and Regulatory Considerations in IoT Healthcare

Submit a Paper

Registration and Fees

Registration Type	Early Bird (Before March 31st)	Standard (After March 31st)
Academic	\$300	\$400
Industry	\$400	\$500
Student	\$200	\$250

Register Now

Venue and Accommodation

The conference will be held at the Hilton Hotel in San Francisco, California. The hotel offers a variety of room types and amenities to meet the needs of all attendees.

A special conference rate has been negotiated with the hotel. To book your room, please visit the conference website or contact the hotel directly.

Google Maps Platform rejected your request. Invalid request. Invalid 'pb' parameter.
