Good Scent From Strange Mountain is a powerful and moving memoir by Hannah Kent, the author of the bestselling novel *Burial Rites*. In this book, Kent recounts her journey through grief and loss, and her search for meaning and hope in the aftermath of her mother's death.

Kent's mother was a complex and fascinating woman. She was a talented artist and musician, but she also struggled with mental illness. Kent's childhood was often chaotic and unpredictable, but she also remembers her mother's love and creativity. When her mother died suddenly, Kent was devastated. She felt lost and alone, and she struggled to make sense of her grief.

In the years that followed, Kent began a journey of self-discovery and transformation. She traveled to her mother's birthplace in Italy, and she explored her mother's artwork and music. She also began to write about her experiences, and she found that writing was a way to process her grief and to connect with her mother's memory.

Good Scent From Strange Mountain is a beautifully written and deeply moving memoir. It is a story about grief and loss, but it is also a story about

hope and transformation. Kent's journey is inspiring and heartbreaking, and it will resonate with anyone who has ever experienced loss.
